

Slitting-rewinding machine double shaft

By ABTECH S.R.L. - ITALY

Reference	S43
1.01 Brand	SAGE
1.02 Model	TB4-SB 130
1.03 Year	2011
1.04 Type	Double shaft, with independent motors rewriter and front unwinder
1.05 Max web width	1.300 mm
1.06 Min web width	650 mm
1.07 Min cutting (stripes) width	50 mm
1.08 Max diameter on rewriter	400 mm
1.09 Max reel weight on rewriter	150 kg
1.10 Rewinder	With double shaft; N. 2 friction shafts 76 mm, with 2 motors for the two shafts; No. 6 laser pointers
1.11 Working materials	PE, PP, PET, paper, laminating materials up to 500 micron
1.12 Cutting system	Razor blades with thousand-lines shaft; circular blades and counter-knife shaft with modular sectors and spacers
1.13 Max mechanical speed	150 m/min
1.14 Type of unwinder	With expandable shaft for cores 76 mm and 152 mm; with brake
1.15 Max diameter on unwinder	800 mm
1.16 Max reel weight on unwinder	700 kg
1.17 Trims suction	Yes, with Venturi system
1.19 Web guiding system	Automatic, brand: GAMA
1.20 More information	Machine immediately available and in perfect working condition
